

Lifting the Scales

Drama for Trade Justice
from Credo Arts Community

An 80 page collection of scripts (containing a total of seventeen sketches) which can be used to help explain, encourage and challenge people to action on the issues of Trade Justice. **The purchaser may photocopy up to six copies of the scripts for use by his/her group.** Price £10 (+£2.50 p&p).

Those who have been involved with campaigning for debt relief and fair trade for all will know of the difficulties of finding ways to communicate the complexities of the issues in a way that people can understand and, furthermore, act upon. How do we translate all the facts and figures? What exactly are the problems with the World Trade Organisation? How can I do anything to help? What is the real impact on people's lives?

Drama is one way to help challenge and inspire. It can be used to set the scene, bring a fresh perspective, explore response of mind and heart and celebrate successes so far.

All the sketches in this volume have been used to do just that, and have been met with enthusiasm.

To order, send cheque for £12.50 to Credo Arts Community, Good News Centre, 67 Wright Street, Hull, HU2 8JD
